Thanks. We can meet and discuss after the storm passes and see what needs to be done.

It is not storm drains clogging-up. It is a drastically inadequate storm drain system for the area. I think that Vahik will agree with this. We need to get a fix designed and installed ASAP. How can we start? What is the next step?

Hi Miki,
I'm sorry to hear this. Does it look like its the storm water drains clogging up?

If so, Adel, any chance you might have a crew available to help out on this flooding situation in Weschester?

Thanks,
Nate

Good Afternoon Gentlemen,

We are having severe flooding issues in our Citibank due to the bad flooding on that corner and the new accessible sidewalk cut is making it worse. Our crews are trying to do what they can to assist the banks customers but I think we need some city help...ASAP...can you help us?

Miki
